

## 20/20 SWIPE

### PLASTIC CLEANER & POLISH

To clean plastic windows/windshields on aircrafts, automotive, boats, RVs & other structural plastics

When using any NUVITE product, please refer to appropriate procedures and recommendations for use and equipment, or contact a NUVITE technician for more information, unique applications and special requirements.

### **SPRAY ON, WIPE OFF FORMULA FOR USE ON WINDOWS & OTHER TRANSPARENT PLASTIC MATERIAL**

1. Remove any excess dirt and soil from area first before use.
2. Shake well.
3. Spray generous amount on material to be cleaned.
4. Wipe off with clean, soft, dry cloth.
5. Use another clean, soft, dry cloth to bring plaster to a high luster.
