

## CITRICUT XTRA

*CITRUS-BASED CLEANER FOR WETWASH, WATERLESS CLEANER, & PROTECTANT*

For wetwash, waterless cleaning, and/or as a hand wash/wax to enhance gloss factors, while depositing a protective sealant against soiling & paint oxidation.

*When using any NUVITE product, please refer to appropriate procedures and recommendations for use and equipment, or contact a NUVITE technician for more information, unique applications and special requirements.*

### **RINSE FREE WETWASH**

1. Depending on soil conditions and cleaning frequency, dilute 1:8 to 1:12 with water.
2. Apply to aircraft surfaces by spray or manually with mop head/pad.
3. Agitate surface to loosen soils
4. Wipe dry with a clean terry towel or string mop.
5. Allow sealant to dry.

### **HAND WASH / WAX**

1. Depending on soil conditions, use full strength concentrate or up to a 4:1 dilution.
2. Apply to aircraft surfaces by spray or manually with mop head/pad.
3. Agitate surface with a wash pad to loosen soils.
4. DO NOT allow work area to dry.
5. Hand buff till dry with clean dry mop head or terry cloth pad.
