

# EXTRACTOR

## CARPET CLEANER

### SOIL EXTRACTION FLUID CONCENTRATE

*When using any NUVITE product, please refer to appropriate procedures and recommendations for use and equipment, or contact a NUVITE technician for more information, unique applications and special requirements.*

### CARPET EXTRACTION MACHINE APPLICATION

1. Follow instructions on machine.
2. Use 1-2 ounces per gallon of water.
3. Test affect on lightweight upholstery fabrics in a small area before using over all.
4. Lukewarm water may be used.
5. Do not allow carpet backing to be soaked.

### CARPET PRE-SPOT CLEANING

1. Use NUVITE's PCS concentrate as directed.
2. Follow with full carpet cleaning using NUVITE's Extractor.
