

20/20 Swipe

SPRAY ON WIPE OFF PLASTIC CLEANER & POLISH

To clean plastic windows/windshields on aircrafts, automotive, boats, RVs & other structural plastics

WINDOWS & OTHER TRANSPARENT PLASTIC MATERIAL

1. Remove any excess dirt & soil from area first before use.
2. Shake well.
3. Spray generous amount of **20/20 Swipe** on material to be cleaned.
4. Wipe off with clean, soft, dry cloth.
5. Use another clean, soft, dry cloth to bring plaster to a high luster.

**Product dilutions are determined by extent, condition & soil type.*
