

CORROSION BLOCK

UNIVERSAL PHOTONICS

CORROSION BLOCK is a fluid that protects metal and electronics from corrosion. **CORROSION BLOCK** is a specially formulated ultra-thin fluid that displaces moisture and leaves a non-greasy barrier to protect all metal surfaces.

APPLICATION

CORROSION BLOCK comes in liquid, aerosol, and grease form. The aerosol may be sprayed directly onto the area.

For best results, please consult with UPI/Nuvite technical staff for further recommendations, and application techniques.

BENEFITS

- Protects metal components
- Doesn't harm plastics or painted surfaces
- Excellent thermal and oxidative stability
- Non-conductive

AVAILABILITY

32 oz., 12 oz., 4 oz., ½ oz.
