

NUVITE offers a full line of quality products, systems and equipment for Brightwork, Paint Care, Exterior Wash & Interior Care. All NUVITE products have been engineered to meet the most demanding polishing requirements. Count on NUVITE for:

- ✓ TOP PERFORMANCE
- ✓ EXTRAORDINARY RESULTS
- ✓ EXCEPTIONAL PROTECTION
- ✓ LONGER LASTING SHINE
- ✓ ECO-FRIENDLY
- ✓ USER-FRIENDLY
- ✓ COST-EFFECTIVE

NUVITE CHEMICAL COMPOUNDS is a leader in appearance maintenance products for more than 70 years. As the manufacturer, our goal is to provide the most advanced cleaning and appearance maintenance products available.

Widely known in aviation for top quality, high-performance products for exterior paint and brightwork, NUVITE also leads with advanced formulas and maintenance solutions for aircraft interiors. In fact, many NUVITE solutions are favorites for automotive, marine, rail, RV's, and power sports.

NUVITE is a division of Universal Photonics Incorporated, a manufacturer and global distributor to the optics industry, of critical surfacing and precision polishing materials. Our customers can always expect fast, dependable service and accurate technical assistance. Call our friendly account service team. They will expertly match your needs to a proven solution.

ANY  
GLASS  
or PLASTIC  
or TRANSLUCENT  
**SURFACE  
CLEANER**

Aerospace/Aviation • Automotive  
• Marine • Rail • RV

## MULTI-PURPOSE TRANSLUCENT SURFACE CLEANER

NULUCENT is specially formulated for final clean-up of plastic aircraft windows. Lubricating oil, grease, soil, bird droppings and insect carcasses are wiped away with minimal pressure.

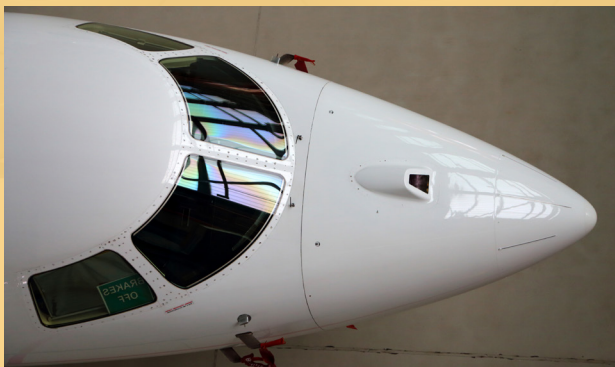

### ✓ REMOVES DRIED BUGS

NULUCENT cleans without scratching and will not affect surrounding surfaces.

### ✓ AMMONIA FREE ✓ STREAKLESS FINISH

This ammonia-free, surface cleaner offers a streakless finish on more than aviation plastics. NULUCENT is a favorite of helicopter pilots, air racers, motorcyclists, among many others.

### ✓ PRESERVES & PROTECTS

# nuLUCENT

Plastic, Glass, ANY Translucent SURFACE-CLEANER

**APPLY • DRY • WIPE**

## EASY-TO-USE 3-STEP APPLICATION

- 1. APPLY** thin layer with aviation-grade window wipe.
- 2.** Allow to **DRY**.
- 3. WIPE** clean with fresh aviation-grade window wipe.

*For heavily soiled surfaces or to remove bug residue, apply slightly thicker layer and use foam finishing pads on orbital buffer for removal.*

## BENEFITS BEYOND CLEAN...

Regular maintenance with NULUCENT delivers additional benefits. Preserving & protecting the surface by reducing fine scratch marks, preventing further degradation and redeposition of soil deposits.

## ADDITIONAL USES...

- Boat Portholes
- Flexible Canvas Covers & Sidings
- Auto Windows, Windshields & Headlights
- Face Shields, Goggles & Instrument Lenses
- And More...
